## Explanation of the Puppy Preference Survey

We have found that many people are looking for a dog with specific characteristics. Some characteristics are very important to people, others are negotiable, and some are insignificant.

We strive to better understand your preferences and match you with a puppy that fits your specific needs and desires. The further ahead you plan, the better we can assist you. Please remember that many of our puppies are spoken for 2-6 months before they are ready to adopt.

The more specific you are, the easier it is to eliminate litters that will not work for you, but it also means you may have to wait longer for your perfect puppy. If you are very particular, there may be only one or two litters per year that will be a good match for you. If you are more open, we can probably get you your puppy much sooner.

I encourage you to look on our website under “breeding dogs” to find a few adult female and male dogs that best represent your ideal dog, since the combination of dam and sire for each litter tends to produce a blend of temperaments and other characteristics in their offspring.

In 2018-19 we hope to produce 20-30 litters. Realize that it is our goal to find two or more litters that will fit your desired criteria. We ideally will choose more than one litter for you, because not every breeding produces puppies and we don't want you to wait 1-6 months and then find out that we don't have a pup for you.

By taking the time to fill out the below survey, you will more clearly define what you are looking for in a dog and you will help us direct you toward the litter that best fits your needs. On our website is an explanation of how the puppy picking process works.

We generally reserve 1<sup>st</sup> and 2<sup>nd</sup> pick in all color and gender combinations in all litters until the other pups in the litter are sold. The priority of these high-pick pups is for the following purposes: 1) Future MMK breeding stock, 2) “Super Citizen” training clients, 3) Clients who are purchasing breeding rights for their pup. If you fit into one of these categories, make sure to indicate this on your puppy preference form below. MMK reserves the right to grant first or second pick to whomever it wishes, for a variety of different reasons.

We sell all puppies with a limited registration, which means you will not be able to register their offspring without our permission. If you would like to buy a puppy with an unlimited registration, the price is \$800 in addition to the cost of your puppy. It will also require that

you sign an agreement to get your dogs' hips, elbows, eyes tested, and that you do some genetic testing to assure your dog is free from EIC, PRA and CNM. We will help you through this process, if necessary. If you choose to use Marble Mountain Kennels as your breeding partner, we will forgive 50% of this cost in the first partnership litter. When MMK partners with a client in a breeding, we assume 50% of the costs and expect 50% of the profit. We also manage the breeding and the sale of the pups. (Ask for more information if you would like to consider this option).

Puppies are reserved by sending both a Puppy Preference Form and a \$300 non-refundable deposit check. If you want an immediate reservation, you can send this form via email as a Word document (preferred) or a scanned PDF document to both [pete@mmkennels.com](mailto:pete@mmkennels.com) and [julie@mmkennels.com](mailto:julie@mmkennels.com), along with a copy of your \$300 deposit check. This will hold your reservation for 10 days, while your deposit check and Puppy Preference Form come to us via snail mail. It is always a good idea for you to hold onto a digital or hard copy version of your Puppy Preference Form, as well.

If, for some reason, the customer decides not to take his or her puppy prior to the puppy's birth, then a refund of this deposit may be permitted, based on the discretion of Marble Mountain Kennels. However, once the pup is born, a commitment will be confirmed and a refund should no longer be expected.

Thank you very much for your confidence in our breeding program,

*Pete Morrill*

<p>17. Describe your ideal dog, i.e. color, gender, size, temperament, energy level, purpose, etc.</p>			

**\*TRAINING:** We charge \$1,000 for our 6-week "Super Citizen" basic obedience program and \$900/month for advanced training. These options allow you to have a little higher chance of getting a first- or second-pick puppy in a litter, if that option becomes available. Also, if you have your puppy's training starting at 8 weeks old in our Super Citizen program, we will likely complete all vaccinations (except rabies) and worming requirements for your puppy (a value of about \$200).

**\*\*UNLIMITED REGISTRATION for BREEDING:** Getting an unlimited registration costs \$800 more and requires that you agree to obtain all necessary health checks before breeding. This option may allow you to potentially have a higher chance of getting a first- or second-pick puppy, if available. Furthermore, MMK sometimes agrees to partner with selected clients in breeding arrangements. In these cases, 50% of the breeding price is refunded.

Unless otherwise specified, I agree that I will be given a limited (non-breeding) AKC registration and will agree to get my dog neutered or spayed prior to his/her 2<sup>nd</sup> birthday.

I agree with the conditions stated above in the Puppy Preference Form and understand that my deposit check is non-refundable. (Electronic signatures are permitted.)
